

CV - Vehicle Loading Crane over 10 metre tonne Course (3 days) TLILIC0012A

ACCESS TRAINING CENTRE PTY LTD

Course objective:

To provide the learner with the skills and knowledge to operate a Vehicle Loading Crane CV in accordance with Safe Work Australia's National Standard for Licencing Persons Performing High Risk Work (April 2006).

Course Outcome:

On successful completion students will be issued with a Statement of Attainment for TLILIC0012A Licence to operate a vehicle loading crane (capacity 10 metre tonnes and over).

Course Content:

- Plan work
- Conduct routine checks
- Set up for crane operations
- Operate crane
- Transfer loads
- Shutdown and secure crane

Course Prerequisites:

Training -

- Participants must be over 18
- Able to use and understand basic English
- A basic understanding of mathematics is required which includes multiplication, subtraction and division. Additionally students must be able to use a calculator.

Assessment -

- Having a log book of evidence of hours signed off by ticketed person/or letter from employer will assist in the practical assessment process. (Please note: any on the job training must be carried out under direct supervision of a suitably qualified person).

Assessment:

Assessment carried out to National Licencing Standard

- Theory Assessment
- Practical Assessment (Demonstration)

Notes: Metre tonne = Multiply the radius in metres by the capacity in tonnes at that point.

Over 10 metre tonne = 3 day training and assessment.

Under 10 metre tonne = 1 day duty of care training.

Training at your premises

To conduct Training and Assessment on site at your premises, the Site Resource and Infrastructure requirements as defined by SafeWork SA must be confirmed. Please contact our office on 08 8169 9800 for a quote and to discuss this further.
