## 4WD - Basic Awareness Course (1 Day)

### Course Objective

This course provides the skills and knowledge to operate a four wheel drive vehicle safely in a range of conditions - traversing slopes, ascending and descending slopes, rugged terrain and stall recovery. It also includes pre and post operation checks and using a jack to recover the vehicle.

### Course Outcome

On completion of this course, students will be issued:

- Certificate of Completion

### Course Content

- Driver attitude and behavior
- Hazard identification and risk management
- Safe driving techniques
- Pre and post vehicle inspections
- Braking techniques (including ABS)
- Safe operation of vehicle on unsealed and soft surfaces
- Path inspection prior to navigation of slope
- Gear selections
- Stall recovery techniques
- Use of jacks and other equipment to recover bogged vehicle

### Course Prerequisites

- Ability to read, write, speak and understand basic English
- Minimum of provisional car licence must be held prior to commencement of training.
- To attend a public course, students must be a competent driver of a manual transmission vehicle
- For group bookings, students must be competent drivers for the vehicle provided (manual or automatic)
