## Work Safely at Heights

### Training and Assessment (1 day)

RIIWHS204E Work Safely at Heights

### Course Objective

To provide learners with the skills and knowledge to undertake safe working practices when working at heights in the resources and infrastructure industries.

It applies to those working in operational roles. They generally work under supervision to undertake a prescribed range of functions involving known routines and procedures and take responsibility for the quality of work outcomes.

### Course Outcome

On successful completion of this course learners will be issued:

- Statement of Attainment
- Competency Card issued by ATC

### Course Content

- Be aware of Working at Heights legislative requirements;
- Identify work requirements, procedures and instruction
- Protect others from hazards associated with your work;
- Access and install equipment:
  - Correctly select, inspect and use a ladder
  - Correctly select, inspect and use Fall Injury Prevention Systems
- Perform work at Heights
- Clean up the work area

### Learner Requirements

- Ability to read, write, speak and understand basic English
- Learners must be at least 16 years of age to participate (must hold White Card if under 18 years of age)
- Must be confident working at heights
