## Operate Breathing Apparatus

### Training and Assessment (1 day)

MSMWHS216 Operate breathing apparatus

### Course Objective

This unit of competence covers the skills and knowledge required to operate and maintain breathing apparatus and equipment in an irrespirable atmosphere as defined by the Australian Standard AS/NZS 1715 Selection, use and maintenance of respiratory protective equipment .

This course applies to operators who are required to wear breathing apparatus because they are working in a confined space, or with hazardous gases or, in oxygen deficient atmospheres or in other situations requiring the wearing of Breathing Apparatus.

Operators may also be required to wear breathing apparatus in emergency situations, however, this is not the prime focus of this unit.

### Course Outcome

On successful completion of this course learners will be issued with

- Statement of Attainment
- Competency card

### Course Content

- Conduct pre donning checks and tests on breathing apparatus
- Correct fitting of Breathing Apparatus
- Operate Breathing Apparatus
- Conclude operations in accordance with procedures
- Cleaning, maintenance and storing and preparation of Breathing Apparatus

### Learner Requirements

- Ability to read, write, speak and understand English
- Learners must be 16 years of age to undertake this course
- Learners must hold a White Card (if under 18 years of age)
- Must have the ability to use a calculator to perform basic math and equations

Subsidies Available
