# Enter and Work In Confined Space with Gas Test Atmospheres

## Training and Assessment

**MSMPER200** Work in accordance with an issued permit

**MSMPER205** Enter confined space

**MSMWHS217** Gas test atmospheres

## Course Objective

This course achieves the competency required to work in a confined space (enclosed or partially enclosed) for the purpose of carrying out work or inspections. The units in this course cover persons required to enter confined space under an issued permit for any purpose including maintenance, cleaning, inspection or other reasons and who need the skills and knowledge to test the working atmosphere using electronic test apparatus to find out if it is safe for the work to take place.

## Course Outcome

On successful completion of this course learners will be issued

- Statement of Attainment
- Competency Card issued by ATC

## Course Content

- Understand the permit system
- Work in accordance with permits
- Prepare and complete required documentation
- Assess Confined Space for entry
- Prepare for entering the confined space
- Use safety equipment and PPE
- Enter, work and exit a confined space
- Recognise and assess conditions that require testing
- Take readings, interpret and communicate relevant data
- Clean up

## Learner Requirements

- Ability to read, write, speak and understand basic English
- Learners must be 16 years of age and hold a White Card (if under 18 years of age)

*Note: Learners must be able to demonstrate successful completion of MSMPER200 Work in accordance with an issued permit prior to undertaking the assessment for MSMPER205 Enter confined space.*

### Are You Aware

The Code of Practice on how to manage the risks associated with confined spaces in work places is an approved code of practice under section 274 of the Work Health and Safety Act (WHS Act).
