

RTO No: 40101

Are You Aware High Risk Work Licence Requirements

Bridge and gantry crane (CB) covers the operation of bridge and gantry cranes controlled from a permanent cabin or control station on the crane and those which are remote controlled having more than three powered operations (hoist, raise and lower equals one operation), including the application of load estimation and slinging techniques to move a load.

Overhead Crane Duty of Care training does not have a High Risk Work Licence outcome.

Overhead Crane Training and Assessment (1 Day) RIIHAN305D Operate a gantry or overhead crane

Course Objective

This course provides learners with the skills and knowledge required to shift loads using gantry equipment in accordance with workplace and regulatory requirements. This course is suitable for operators of overhead cranes that are remote operated and have three or less powered movements.

Course Outcome

On successful completion of this course learners will be issued

- Statement of Attainment
