

Temporary Traffic Management (TTM) - Category 1

Non Practitioner Course:

TMI1 Course (2 Days)

TMI1 (NP) Traffic Management Implementer for Urban Streets and Low Volume Roads

Training Course (2 Days)

This Non Practitioner course (no course post practical experience required) is designed for workers who do not directly undertake Temporary Traffic Management roles at worksites. This course would suit workers that need the knowledge about traffic management to perform an oversight type role, but do not perform an operational Traffic Management role.

Students will complete a theory and simulated assessment but will not complete the post course practical experience and final assessment needed to obtain the Skill Sets required to work on live Temporary Traffic Management sites.

Course Outcome and Award

On successful completion of the assessment, Students will be issued with:

- Statement of Completion issued by ATC
- TTM card for Non Practitioners issued by DIT (Department for Infrastructure and Transport)

Course Content

- Communication techniques using equipment and systems
- Identify and assess risks and implement controls
- Prepare to implement traffic management plans
- Set out and monitor traffic guidance scheme
- Position, set up and program portable traffic control devices
- Shut down work activities and remove portable traffic control devices and signage

Student Requirements

- Ability to read, write, speak and understand English
- Students must be at least 18 years of age
