

# Temporary Traffic Management (TTM) - Category 2

## Non Practitioner Course: TMI2 Course (1 Days)

### TMI2 (NP) Traffic Management Implementer High Volume Roads

#### Training Course (2 Days)

This Non Practitioner course (no post course practical experience required) is designed for workers who do not directly undertake Temporary Traffic Management roles at worksites. This course would suit workers that need the knowledge about traffic management to perform an oversight type role, but do not perform any operational Traffic Management role.

Students will complete a theory assessment but will not complete the post course practical experience and final assessment needed to obtain the Skill Sets required to work on live Temporary Traffic Management sites.

#### Course Outcome and Award

On successful completion of the assessment, Students will be issued with:

- Statement of Completion issued by ATC
- TTM card for Non Practitioners issued by DIT (Department for Infrastructure and Transport)

#### Course Content

- WHS requirements
- Communication with all relevant parties
- Prepare to implement traffic management plans
- Set out and monitor traffic guidance scheme
- Monitor and coordinate work program
- Diagnose and solve routine problems
- Close down work activities and maintain operating records

#### Student Requirements

- Ability to read, write, speak and understand English
- Students must be at least 18 years of age
