ttm approved training provider

NATIONALLY RECOGNISED TRAINING

Training Course (3 Days)
This is an introduction course for Learners who will be responsible for traffic control and traffic management implementation on urban streets and low volume rural roads (Category 1). The course includes the theory components and practical training.

Post Course – to be completed within 6 months
(TC1) Learners are required to complete a minimum of **20 hours of practical training work experience in a Temporary Traffic Management workplace** and record evidence in the log book provided.

(TMI1) Learners are required to gain and record experience implementing traffic management plans. Examples of what may be assessed include lane closure, lateral shift, managing traffic at an intersection and controlling site construction vehicles.

Assessment (1 Day)
On completion of the work experience and Log Book requirements, Leaners are required to successfully complete the Assessment on a live temporary traffic management site arranged by ATC. Learners will be assessed on their traffic control skills and implementation of 3 different traffic management set ups.

Course Outcome and Award
On successful completion of the assessment, Learners will be issued with:
- Statement of Attainment issued by ATC
- TTM ticket issued by DIT (Department for Infrastructure and Transport)

Course Content
- Communication techniques using equipment and systems
- Control traffic with a stop-slow bat
- Identify and assess risks and implement controls
- Prepare to implement traffic management plans
- Set out and monitor traffic guidance scheme
- Position, set up and program portable traffic control devices
- Operating portable traffic control devices and using signs to control traffic
- Shut down work activities and remove portable traffic control devices and signage

Learner Requirements
- Learners must hold the unit CPCCWHS1001 Prepare to work safely in the construction industry or its equivalent unit
- Ability to read, write, speak and understand English
- Learners must be a minimum age of 16 years to participate
- **Learners are required to be reaccredited every 3 years**
