

RTO No: 40101

Are You Aware

Workplace Health and Safety Laws require that owners and operators of load shifting plant ensure that the plant and equipment is safe to use and that the operators are trained in the safe use of that plant.

Skid Steer

Experienced Operator Course (1 day)

Entry and Learner Requirements

This course is only available to experienced Learners who can provide verifiable evidence of operational experience.

All Learners must complete a "Record of Training" form detailing previous operational experience and training. Registration for this course cannot be confirmed without this information.

All Learners:

- Must be able to read, write, speak and understand basic English
- Will require basic mathematical skills
- Must be 18 years of age to undertake assessment.

Course Prerequisites

All Learners must complete a practical "Challenge Test" at the start of the course to demonstrate operational experience. (Unsuccessful candidates will be advised to enrol into the 2 day Training and Assessment Course - further charges will apply)

Course Objective

To assess the participants on their skills and knowledge to conduct Skid Steer operations for a range of material handling tasks, the fitting, use and removal of attachments and operator maintenance activities.

Course Outcome

On successful completion students will be issued :

- ATC Competency Card

Course Content

- Conduct routine checks
- Plan work
- Check controls and equipment
- Shift loads
- Shut down equipment
- Secure site
